Pumps

Anderson Double-Acting Force Pumps.

I am agent for several makes of pumps—wooden pumps, suction pumps, also the celebrated Anderson Double-Acting Force pumps. Satisfaction guaranteed and prices right.

These pumps are completely different from all others in construction and principle as they have no suction valve to wear out.

GEO. BROOKS.

JOTTINGS OF TOWN AND DISTRICT.

Local News.

Several landowners have been in town the past week.

H. A. Barnes has taken a position in F. M. Lee's store.

Mrs. Louise Menbery returned home from Ponoka Monday after a visit with her parents.

A new Case threshing separator was unloaded here Monday for Otto Halverson, of Asker.

D. E. Brown left Monday for Manitoba, where he goes on business. He will be absent some ten days.

R. F. Craig, of the Blindman, came down on Monday and Tuesday went to Wetaskiwin on business.

Mrs. Ernest Trimble returned to her home at Calgary Tuesday after a visit of three weeks with her parents, Mr. and Mrs. Fuller.

H. Holmer, of Earlville, was in town yesterday, the first time in several months. He has been devoting all his time the past season to duties on his farm.

The little child of Mr. and Mrs. Seifert, reported ill last week, is still very low, and some fears are entertained as to the little one's recovery.

R. N. Holt, of Wood River, was in town Tuesday. He reported the harvest in his neighborhood safely cut before the rain, except a few late pieces.

Fred Warren has purchased a new 35-horse power, which, with his plow, will make him a good team threshing rig for the present season.

A. Reid has recently received a large addition to his stock. He now has his shelves well filled with one of the largest and best assorted stocks of general merchandise in town.

Next Sunday is children's day in the Presbyterian church. Appropriate services will be held by Rev. Maier. Special music has been arranged, and a cantata insertion is extended the public. A special collection will be taken.

Attention is called to the ad. in this issue for the Alberta College at Edmonton, any of the young people of the district who are thinking of taking a course in the higher studies should write the principal for full information as to the course.

O. E. Schooner, of Red Oak, Iowa, an extensive real estate dealer, was a caller at our office Monday. Mr. Schooner deals largely in Alberta lands, and was here piloting some grasping settlers. He was accompanied by Mr. Shaver.

W. J. Milne dug a potato from his patch which discounted any of those mentioned in our article last week so far as weight counts. This mammoth tuber weighed three pounds and ten ounces. If we were not as regularly formed as those we mentioned last week, but was certainly a monster for size.

We have received a copy of the annual report of the Calgary Board of Trade. It deals in an exhaustive manner with the commercial enterprise of the town and throws a lot of useful information on the climate and resources of Alberta. The get up and printing is on a high level and reflects great credit on the publishers—Herald Presses, Calgary.

J. S. Slater has had the dog belonging to his little daughter, Maggie, which met such a sad ending last summer, mounted and serves as a beautiful ornament to his home. The mounting was done by John A. Grant, of Red Deer. Mr. Grant is one of the best taxidermists in the Northwest and of all the work sent him from Ponoka none has ever been but satisfactory.

The annual equinoctial storm, which Alberta has in years past looked forward to with some misgiving owing to the danger of a snow storm, this year at last, amounting to only a good heavy rain, and wrought no danger to either crops or hay, both of which were safely cared for before the advent of the storm. It began last Friday and until Monday night the weather was rainy and threatening. A large amount of rain fell during the time while on Sunday a light skiff of snow fell. Tuesday dawned bright and warm and until this morning we have again enjoyed typical autumn weather. As we go to press this (Friday) morning light snow is falling.

Rev. and Mrs. Maier went to Edmonton Wednesday.

A. Shary left Wednesday for Armstrong, B. C., for a visit with relatives and to see the country.

Two keys picked up in town may be recovered by the owner at this office.

Clifford Storch left yesterday for Armstrong, B. C., where he expects to find work for the next few months.

Walter McKelvey came up from Calgary Tuesday and visited his parents a couple of days. He is working in the C.P.R. round house at Calgary.

E. Hinkley is enjoying a visit from his father, who arrived from Milwaukee last week. The old gentleman is 73 years of age, but still quite hale and hearty.

In a local notice last week Rev. J. G. Shaver, president of the Dominion Lord's Day Alliance was announced here for the 23rd of this month. The notice should have read the 23rd of October.

A social under the auspices of the Baptist church is being held in the Sage building tonight. A suitable program has been arranged and refreshments will be served. The hour of commencement is 8 o'clock. An enjoyable evening is promised all who attend.

Wm. Stephenson and Joe Morrison were in from Manfred Saturday. They report harvest practically completed in that district before the recent rain. Crops are good, and the quality of grain will be number one.

S. G. H. Jones enjoyed a visit for a few days from his son, who was on his way from his home in Ontario to the coast, and took advantage of the opportunity to run up for a brief visit with his parents.

A Ponoka woman whose husband objected to wiping the dishes for her because "it isn't a man's work," and to her surprised helplessness from the Bible, 2 Kings 21: 13, "I will wipe Jerusalem as a man wipes a dish, wiping it and turning it upside down." He has now wiped the dishes ever since.

The two little sons of Mr. and Mrs. George Hoar, of the Dakota settlement, have been very ill the last couple of weeks with an attack of cholera infantum. Mr. Hoar came down hastily Saturday evening for some medicine for them.

A new ad will be noticed in this issue for F. M. Lee, the "White House" store. His ad will now occupy a permanent position in our columns and the trading public is invited to take note of the various lines advertised therein. Mr. Lee is one of the pioneers of Ponoka, having been established here for the past four years, and has enjoyed a good patronage in his line.

E. M. Hutchinson came in from Willow Creek country Tuesday. Ernest's need to be a familiar face in town, but this is the first time he has been in since he went out to his farm last fall. The crops in his district are very good this year and they were all harvested before the frost. The Willow Creek district has settled up very rapidly during the past year. Every farm is now homesteaded or purchased and the new settlers are steadily coming in to take possession of them.

Chas. Bell, of Blain, Wash., was among the strangers in town the past week. This was his first trip to Alberta, and he stated that he was most favourably impressed with the country. The enormous growth of garden vegetables especially struck him, and he took with him some of the large potatoes we had on display. He said his friends at home would not believe what he told them unless he had some tangible evidence to show for the truthfulness of what he told them.

What promises to be one of the most popular social functions ever occurring in town promises to be the dinner given by the Ladies Guild of the Church of England at the Hotel Island next Thursday night. The occasion will mark the opening of the new addition to the hotel. A lengthy program and extended toast list is being arranged, while the tables will be laden with a sumptuous supply of edibles especially prepared for the occasion. Over 100 tickets have already been sold.

George Starkey made a trip north Wednesday.

Mrs. Wm. Patterson returned yesterday from her visit to her old home at Creston, Iowa.

Miss Nelson, who is holding a position as bookkeeper in Edmonton, spent a few days this week visiting her parents, Mr. and Mrs. L. J. Nelson, east of town.

Cook Myer brought to this office Wednesday a flock of nature in the form of a potato. It is a very dry sized potato upon which has grown, while lying in the cellar, seven small potatoes.

C. D. Algar left Monday for Okotoks, where he was sent by the Baptist church as a delegate to the Baptist convention. He will also visit several places in the mountains before returning.

Mr. and Mrs. W. J. Millie invited a number of the young people in town to spend Wednesday evening in honor of J. A. Kerr, who is soon leaving for Vetsaskiwin. About twenty were present, and a most enjoyable evening spent.

J. W. Randolph, a former resident of the Ponoka district, now of Hewitt, Minn., in a letter to the Herald, states that the crops in his part of the state are very poor, the wheat yielding from two to ten bushels per acre, and grading only 80c. From nearly all parts of the States come the same reports, and it would appear that the residents of Alberta surely have reason to be thankful this season.

A very sad death was that of Mrs. Ed. McMillan which occurred at 10 o'clock Wednesday morning. She was a native of Scotland, and a child was born to her, which lived but a short time, before it died. The mother did not recover readily from her child's death, and a few days before her death was taken with blood poisoning. The funeral was held today and interment made in the Forest Home cemetery. The remains of the little one being taken up from its resting place on E. Palmer's farm and laid to rest with those of the mother. Mrs. McMillan was the daughter of Mr. and Mrs. Ephraim Palmer, eight miles southeast of town, and was married only about a year ago. The bereaved relatives have the sympathy of the entire community in the sad affair.

Harvest Home Dinner and Services.

On the evening of Saturday, 17, a very pleasant and happy entertainment was given in the Sage building, under the auspices of the Methodist church. The entertainment took the form of a chicken pie dinner, and to judge from the numbers who partook of the same, and the justice done the several dishes, no better treat could have been devised. It is a pleasure to see our local churches so very energetic in the way of drawing the community together, for it ought to be the highest aim of every church to have the different sections dwelling in unity.

On Sunday afternoon the Methodist held their annual Harvest Home service. The church was greatly decorated with the different grains and produce of the soil. No better evidence could have been adduced to the large congregation of the fertility and marvellous growth of this highly favored land than the collection of roots and grain exhibited. Rev. Gordon officiated, and in the course of a very eloquent and learned discourse drew attention to the duties which we are called upon, as citizens of a new country, to perform.

Bolton, Man., Sept. 20.—About 7 o'clock last evening a resident of this place was heard by his neighbours leaving his house, a number of men gathered together, went to the house, took him down the C.N. track, where he was beaten with sticks, and then preparations were made for lynching as a bluff. When the rope was around his neck he promised to do better and not ill-use his wife in future. He was taken home, where the crowd awaited the effects of the beating and left with his wife that he was to be more roughly handled should he break out again.

About 8:40 o'clock the individual who was punished again started to leave his wife and then tried to escape from the crowd which gathered at a signal from the picket. His retreat was cut off by a friend with a shotgun, but he was found in a garden a short way off, taken down and on the premises and made to prepare for tar and feathering. When the materials arrived it was decided to give him 30 lashes with a rope, which was done. He cried for mercy but none was shown.
